

Nitro-Fuzer Plastic Welder Two Year Limited Warranty

The 820X-series and 830X-series Nitro-Fuzer plastic welders are warranted against defects in materials and workmanship for a period of two years from the date of purchase. **Any part found to be defective during the warranty period will be repaired or replaced free of charge** when returned prepaid with a copy of the original invoice showing the date of purchase. An RGA (Return Goods Authorization) number must be obtained from Polyvance prior to any repair or return.

Note: No replacement will be made if the welder shows obvious signs of misuse or abuse. For models with a nitrogen generator, **CLEAN, DRY, OIL-FREE AIR IS MANDATORY!** Irreparable damage to the nitrogen membrane will occur if contaminated air is used and will void the warranty.

Repair Authorization Form

In the event that your welder becomes inoperable, call tech support at Polyvance at 800-633-3047 (256-638-4103) to see if it might be a field-repairable issue. If not, we will issue you an RGA number for factory repair. Please complete the below form and return it with your welder along with a copy of your original invoice to: Polyvance, Repair Dept., 1128 Kirk Rd, Rainsville, AL 35986. Please write the RGA number clearly on the outside of the box as well.

RGA Number: _____ Invoice attached? YES NO
